100 MORE LEE COUNTY BOYS ARE CALLED FOR EXAMINATION IN ARMY

LOCAL BOARD NEEDS MORE MEN FOR QUOTA

FIRST SIX HUNDRED MEN EXAMINED DID NOT FURNISH QUOTE ENOUGH.

CALLED FOR NEXT MONDAY

Those Who Are Not Needed Will Not Be Sent Until Next Call Comes.

Although today's physical examinations of Lee county boys called in the national army draft at the court house in Dixon brought Lee county's total almost to the desired quota of 173 plus 10 per cent for further objections and exemptions, which makes the full quota 191, it was found necessary to examine more candidates in order that Lee county may send her full share to the Rockford training camp, and the local board of Lee county today decided to send out a call for 100 more men to come and be examined at 9 a. m. Monday, Aug. 13th, on the third floor of the Lee county court house.

The results of the examination of this extra 100 called for next Monday should more than furnish Lee county's quota, and those of the extra 100 not needed to fill the quota will be withheld and not ordered to camp until the war department orders a new call.

Of those already examined physically and who have claimed no discharge or exemption from the local board, there may be a number who will file claims for discharge on industrial grounds before the district board at Freeport. If these are granted it would mean that more men of the 100 to be examined next week will be needed to fill this country's quota. However, it is said some claims for discharge already filed with the Lee county board on the grounds of dependent wives or families may not be allowed, for it is necessary for the claimant to establish that support of these depends mainly upon his own mental or physical labor and that such support is not derived from property he owns or from money at interest, etc. a wife or child, or both, or a mother or who ever is the dependent named in the claim, must be without sufficient income of her own to support herself and must depend mainly upon the money earned by the claimant for support.

WINNEBAGO TOWN FREE BURIAL

Rockford, Aug. 7.—If you are a taxpayer in Shirland township, Winnebago township, you get free burial provided the village cemetery suits you as a final resting place. This unusual circumstance was brought to light in a recent hearing before the county board of review.

Any real estate owner in Shirland is given a free cemetery lot and his grave is dug free of charge. The bill is paid out of town taxes. It makes no difference if one's estate amounts to ten cents or ten thousand.

AT MANUFACTURERS CONVENTION

Edw. Zoeller, Henry Leydig, Dr. Frizell, and A. W. Kramer are attending in Chicago this week the convention of Importers and Manufacturers held at the Palmer House.

FRIENDSHIP LODGE, A. F. & A. M.

A special meeting of Friendship Lodge No. 7, A. F. & A. M., will be held Wednesday evening, August 8, for the purpose of conferring the Fellowcraft degree.

CAPTAIN OF ENGINEERS

Thomas P. Clayton of Peoria avenue, has received a commission in the U. S. engineering corps as captain.

DR. POWELL IN ARMY.

Dr. G. P. Powell of this city has been applied for a commission in the Medical Officers' Reserve corps and has been made a first lieutenant.

Following are the names of the next 100 men in Lee county to be examined physically for the national army. These come in order after the 600 just examined and they must report at the court house in Dixon at 9 a. m. next Monday, by order of the Lee county exemption board which will mail notices to the following tomorrow. All this list of 100 will be examined Monday:

HIGH OFFICIALS IN BRITISH WAR OFFICE HAVE BEEN REPLACED

ADMIRALTY GETS SHAKE-UP—NEW MEN ARE GIVEN POSITIONS.

FRENCH BREAK THRU GERMANS

Champaign Front Pierced in Three Places—Tentative Attack Repulsed.

(Associated Press Leased Wire) London, Aug. 7.—Delayed—Official announcement was made at the admiralty tonight that Admiral Sir Cecil Burney, second sea lord, had been replaced by Vice Admiral Sir Roselyn Wemyss. Allen Garrett Anderson, hitherto vice chairman of the Wheat commission, succeeds Sir Erick Campbell Geddes, the new first lord of the admiralty, as controller of naval construction.

These changes are interpreted as the first step in a re-organization it is supposed Sir Erick Campbell Geddes was appointed to carry out.

In quarters where the existing admiralty conditions are regarded as unsatisfactory the present step is denounced as a half measure.

French Break Thru Lines.

(Associated Press Leased Wire) Paris, Aug. 7.—French troops last night broke into the lines of the German crown prince on the Champaign front in three places, inflicting losses on the Germans and bringing back prisoners, it was officially announced today by the French war department. A Teutonic attack between Devo Court woods and Hill 304 in the Verdun sector was driven off with heavy losses to the Germans.

There were violent artillery duels in the Bischoffe sector of the Belgian front and between Herbeise and Craonne, north of the Aisne.

Russians Regain Ground Kishizne, Russia, Aug. 7.—Austro-German troops have been driven back on the frontier 15 miles, according to news from the battle area that has reached here.

DRAFT OBJECTORS SURRENDER RAPIDLY

QUIET NIGHT IN OKLAHOMA—FEDERAL AGENTS PREPARE EVIDENCE.

(Associated Press Leased Wire) Oklahoma City, Aug. 7.—Early reports indicated that the night passed without disturbance, and draft objectors continue to surrender without resistance.

Department of justice agents continued the preparation of information charging conspiracy to evade the selective draft, filling in the names of prisoners as rapidly as they reached these points.

WILSON AFTER PRICE QUESTION

(Associated Press Leased Wire) Washington, Aug. 7.—President Wilson took a hand today in the government plans for the regulation of prices and conferred with officials who have the work in charge. First he went to the trade commission and then to the department of justice.

MYRTLE POST FAGG DIES

Notice has been received here of the death of Mrs. Myrtle Fagg of Los Angeles, Calif., on July 25, after a long illness. Mrs. Fagg will be remembered to her many Dixon friends as Miss Myrtle Post, daughter of the late Rev. W. H. Post, of this city.

LEE COUNTY NOW HAS TOTAL OF 172 MEN FOR NATIONAL ARMY

THIRTY-FIVE OUT OF 140 WERE ACCEPTED AND DID NOT FILE EXEMPTIONS.

Examinations at the draft headquarters in the Lee county court house today brought the present total of accepted men not asking exemption up to 172, which was within one of Lee county's total quota, if the extra ten per cent is not counted. The war department has recently asked all boards to supply ten per cent more men than their quota calls for to care for wastage in further rejections, exemptions, etc.

The number of rejections this morning was larger than any day heretofore, 27 being rejected out of the first 100 called. Only 29 were rejected out of the entire 140 men today and the low number of rejections of some previous days brings the average to normal.

140 men were examined today and 20 were rejected, 39 accepted, 64 claimed exemption and 35 did not claim exemption. The previous total of those not claiming exemption was 137. Those of today bring the total of those not claiming exemption up to 172. The total number needed is 191.

TWO AMBULANCES TO DEMONSTRATE HERE TOMORROW

DIXON PEOPLE WILL SEE EXHIBITION OF WORK—MEN ASKED TO ATTEND LUNCHEON.

Tomorrow noon two sections of the American Red Cross ambulance corps, manned by twenty of its members, will arrive here, will be given luncheon at the Nachusa Tavern by Dixon men, and will give a demonstration of their work after the luncheon.

The demonstration will be given around the court house square, and will be very interesting. Dixon people interested in knowing how the Red Cross "Soldiers of the stretcher" work in the field, picking up wounded soldiers, as they will be picking up wounded American boys soon, should come to the demonstration.

The object of the exhibit in Dixon is to stir up greater interest in the Red Cross membership drive.

The luncheon at the Nachusa Tavern at noon tomorrow should be attended by a large number of Dixon men; Dixon men are asked to make it a point to attend, and extend a welcome to the boys who are doing this work and who are soon to go to France to aid the American army in its work there.

OTTO BRANSTETTER 'IN TOILS OF LAW'

SOCIALIST WHO SPOKE HERE IS TAKEN UP BY UNCLE SAM.

Otto Branstetter, the socialist from Chicago who made such a sensation in Dixon recently by his anti-war and anti-draft utterance on the street and who was warned by the authorities that his words were un-American and might lead him into trouble, has been arrested. He was picked up last Friday in Beardstown by federal authorities, charged with making seditious statements against the government.

COUNCIL ORDERS S. D. & E. TO REPAIR BRIDGE

COMMISSIONER DANA INSTRUCTED TO NOTIFY THE COMPANY SUIT WOULD START.

CREOSOTE BLOCKS TOO HIGH NOW

Officials Say Expense of Permanent Floor Would Be About Double At This Time.

The members of the city council met in regular session today and the only important business which came before the officials was the Calena avenue bridge question. There was spirited discussion regarding the condition of the bridge and the city's duty toward the citizens in forcing the question of the repair of the structure to an issue.

Mayor Schmidt, and he was supported by the other commissioners in his ultimatum, declared that if the S. D. & E. Railroad did not take steps immediately to repair the bridge the city would commence suit against the company.

Commissioner Dana, in whose department the bridge is, was instructed by the mayor to notify the S. D. & E. R. R. that unless work on relaying the floor of the bridge was begun at once action would be started under the city ordinance, Sec. 578, requiring the railroad company to keep the bridge and such parts of the city streets it uses, in good repair at all times.

The question of a creosote block floor, or one equally substantial, which would be permanently good, the city commissioners declared, could not be considered at this time because of the excessive cost of such material.

'ALL ROCKFORD TO SING' IS THE PLAN

COMMUNITY CHORUS SINGING IS TO BE TAKEN UP BY ROCKFORD PEOPLE.

(Associated Press)
Rockford, Ill., Aug. 6.—Community singing which is being developed with great enthusiasm in many sections of the country is to be given impetus in Rockford as a part of plans undertaken in connection with the coming to Camp Grant of the Illinois soldiers of the new national army.

Mrs. Chandler Starr, president of the Rockford Mendelssohn club, has returned from Washington, where she conferred with government officials on the program of work to be followed here, and other cities where she met men active in organizing community choruses, particularly in the cities where the big canons are being erected.

Among these leaders were Harry Barnhardt, Rochester, N. Y.; Melville Clark, president of the Syracuse, N. Y. community chorus, and Barnett Barslow and Lee F. Hammer of New York. Some of them promised to come to Rockford to aid in getting the work started here. Mrs. Starr remained at Syracuse for a few days in order to hear a community chorus at the mobilization camp where, out of the 17,000 soldiers present, 10,000 were in the chorus.

Mrs. Starr will issue a call soon for everyone in Rockford who wants to sing, both trained singers and those desiring to do so, to join in a meeting to organize a community chorus. This will probably be the Mendelssohn club's chief work the coming season.

REPORT U-BOAT OFF U. S. COAST

Harbor at New York Is Closed for Several Hours.

SUSPECTED OBJECT FIRED AT

Inbound Passenger Steamships Sighted What Was Believed to Be a Periscope 18 Miles from New York. Object Seen on Two Successive Days—Washington Gets Report.

New York, Aug. 7.—A report that a U-boat had been sighted near the transatlantic lanes off this port caused the war department authorities to close the gate in the net protecting the harbor mouth here at 1 o'clock in the morning. The gate was opened again at 6 a. m.

It developed that an inbound passenger steamship sighted what was believed to be the periscope of a submarine on Saturday night. The steamship's gunners fired three shots at the object and preparations were made to abandon the ship if necessary. Nothing more, however, was seen of the supposed submarine and the vessel proceeded, arriving off port.

According to some of the passengers, the submarine was again sighted eighteen miles off shore.

Colonel De Groot of the Salvation Army, who arrived here on the liner, said an object closely resembling a periscope was sighted 5,000 feet off the portside of the ship while passengers were watching a school of sharks. "We were ordered to put on life belts, the life boats were swung out and the stern gun trained on the object," he said. "Before the gunner could fire the supposed periscope disappeared."

Washington Told of Sighting U-Boat.
Washington, Aug. 7.—A preliminary report from the master of a merchant ship who thinks he sighted the periscope of a submarine off New York Sunday has been received at the navy department. Investigation is being made.

Reopening of the port of New York came after an investigation by the navy, which developed no facts regarded by the officials as justifying a continued closing of the port. The investigation was not regarded by them, though, as absolute evidence of the falsity of the report.

Reports to the navy department contained no reference to any new rumors of the presence of submarines in nearby waters, and unless more evidence is secured there was no reason to expect a second suspension of traffic.

U-Boat Loss Only Three a Month.

Berlin, Aug. 7.—It is officially declared that contrary to rumors of overwhelming losses in submarines the monthly average is little more than three underwater boats lost during the period from Feb. 1 to Aug. 1, while the monthly increase in submarines constructed is many times larger.

LECTURE ON ARMY Y. M. C. A. WORK AT ASSEMBLY TONIGHT.

AMOS EBERSOLE TO DELIVER A LECTURE IN CHAUTAUQUA HALL.

HAWAIIAN SINGERS ON TONIGHT

Native Music Will Please—Peter Pan Girl Was Enjoyed This Afternoon.

Amos Ebersole of New York City, son-in-law of Anson Thummell, will lecture at Chautauqua hall at 7 this evening on Y. M. C. A. work in U. S. army camps. Mr. Ebersole is a pleasing talker and will have something interesting to say.

For years he has been in church work. He filled a pulpit in Honolulu. He has traveled abroad and conducted meetings in his life work.

Tonight at 8 o'clock the Waikiki Hawaiian Singers and Players will give a full concert. This quartet is one of the best in this country. The wistful beauty of Hawaiian music seems to carry the audience to the beautiful islands of the South Seas. The melodious strains of the songs and accompaniment on native instruments, with the peculiar sliding of fingers on the strings, is plaintive and fascinating.

The company appears in Hawaiian dress. The guitar solos by George Awi are wonderful and Jack Meleuho is said to possess the most beautiful tenor voice in Hawaii, while Amy Awi is a singer and player of note. They rendered a prelude this afternoon which, despite the hard rain of this morning, delighted a large audience.

PRESS MEN ANNOY GERMAN DIPLOMAT

VON ECKHARDT, WHO TRIED TO ARRANGE MEX-JAP PLOT, BEHAVES POOR LY.

(Associated Press)

Meico, City, July 29.—A clash between Heinrich Von Eckhardt, the German minister to Mexico and Mexican newspaper photographers, in which it is declared he came to blows with the newspaper men, enlivened the session of the Mexican national commercial congress here. Von Eckhardt is the man who was directed by Dr. Alfred Zimmerman, then German foreign minister, to arrange to bring Mexico into war with the United States. He, with other members of the diplomatic corps, and President Carranza attended the opening session of the congress.

Newspaper photographers sent to snap the president set up their cameras in the aisle close to the German minister, who was seated at the end of the row of seats to keep him as far distant as possible from the representatives of the entente allies, who occupied the same row. Von Eckhardt protested, in what the photographers described as a rough and caustic manner that he did not intend to be annoyed by photographers, but the camera men paid little attention and photographed President Carranza and the diplomatic corps from the most available spot which was directly behind Von Eckhardt.

When the flashlight charge exploded, say the photographers, Von Eckhardt remonstrated not only with words but blows.

El Excelsior, in commenting on the incident the next morning, declared that a diplomat of Von Eckhardt's experience should know before this time how to conduct himself toward the press.

MORE AWARDS IN

Y. M. C. A. GARDEN CONTEST

In the former announcement stating where the Garden Prize fund had been secured it was stated that the Woman's Club had contributed \$2.50. That was an error. The Woman's Club has given \$5.00 and the Ideal Club \$2.50. This additional prize money makes it possible to award more prizes to the youthful gardeners. The committee has decided to give 25 cent prizes to class No. 1 and 50 cent prizes to class No. 2. Below are given the winners of these awards.

Class No. 1, 25 cents each: Donald Raymond, Harold Shertner, Martin Springer, Collie Collins, Stewart Prescott, Helen Randall, Raymond H. Beech, Ray Royce, Clifford Gup-till, Alan Spellman.

Class No. 2, 50 cents each: Raymond Long, Mildred Lindsey, Harvey Wolitz, Glenn Tompkins, Paul Mondlock.

One of the boys who took a prize said that he sold \$5.00 worth of vegetables from his garden, raised enough for the use of the family and had more produce left in the garden. The contest has created a great deal of interest that promises much larger results for the coming year. A conservative estimate of the results in a financial way from the gardens would place the income well over \$1,000.00. In addition a great deal of practical education was derived from the care of the garden plots. Finally it brought home to many a knowledge of the surprising amount of food a small piece of ground will produce.

The Dixon Y. M. C. A. has donated \$5.00 to be used for prizes in the School garden contests. This has made it possible to add ten more winners to class No. 1 and five to class No. 2. These names are given below.

Class No. 1—Ages 7 to 10 inclusive, 25 cents each.—Geo. Holland, Owen Meyers, Elizabeth Frye, Anna Hoffman, Anna Feltes, Florence Quadlin, Fremer McCormack, Elean or Hennessy, Nada Mossholder, Ethelyn Schrock.

Class No. 2, Ages 11 to 14 inclusive, 50 cents each.—Vernon Hill, Margaret Beech, Russel Smith, Roscoe Wade, Mebel Springer.

These children may secure their money by calling at the Y. M. C. A. on Wednesday and Thursday from 10 a. m. to 1 p. m.

Ben T. Shaw of Chicago is here for a visit with his mother, Mrs. Eustace E. Shaw, and brother, George E. Shaw.

HOME CANNING, PRESERVING, DRYING RECIPES BY A GOOD COOK

Some Sample Recipes
"Goulash" or Macaroni Special
Cook one cup macaroni in plenty of boiling (salted) water 40 minutes. Take from fire and drain in colander, then pour cold water over it to make firm. To the cooked macaroni add 2 cups cooked kidney beans, 2 cups minced beef, 2 tomatoes (or 3-4 cup), 1 large mango pepper, cook all 15 minutes.

Casserole of Meat and Rice
Line a baking dish or bowl with cold cooked rice and add left-over ground meat, one beaten egg, mashed potatoes a little onion juice and any other seasoning desired. If there is some gravy left over, a little cream soup, or milk, it can be added. When all the left-overs have been placed in the bowl, cover the top with a coat of the rice, then place a tight cover on the dish and steam 45 minutes. You can use double boiler in which to steam the casserole or just set the bowl in a vessel of water, not enough to reach to top.

Boiled or fried meat left-overs can be used in this cheap recipe, also left-over chicken or pork. Casserole cooking is one of the cheapest ways of using foods, for meat and vegetables can all be cooked together in one dish, saving fuel and providing a very satisfactory dinner. Meat, with potatoes, onions, carrots and turnips, furnishes a well liked and much used casserole dinner.

Ham and Potatoes
Place a slice of ham one inch thick in a baking pan; cover with thick sliced potatoes and seasoning. Pour milk over this to almost cover. Bake in slow oven 45 minutes. Keep covered until the last 10 minutes, then uncover and brown before removing to table.

Illinois housewives can render a great service by planning the family dietaries to reduce the cost of meals, and by selecting the foods to nourish the body. It is not "Live to Eat", but "Eat to Live" that should be a present-day motto.

SYNOPSIS.

CHAPTER I.—On a trip through the English Cumberland country, the breakdown of her automobile forces Louise Maurel, a famous London actress, to spend the night at the farm home of John and Stephen Strangeway.

CHAPTER II.—At dinner Louise discovers that the brothers are woman-hating recluses.

CHAPTER VI.—He finds Louise engaged in the rehearsal of a new play, meets her friends and is entertained at luncheon with her by the prince.

CHAPTER VII.—John drives Sophy home and she gives him friendly advice about love and life in London. The prince and Louise postpone a little journey they had arranged for.

CHAPTER X.—The prince introduces a relative, Lady Hilda, to John, hinting that she may be of use to him in his "education" of John.

CHAPTER XI.—At Seyre House John is introduced to a celebrated dancer, Calista Vera, who at once starts a violent flirtation with him. At supper the prince tells Calista that once she has caused him to employ her to ruin him.

CHAPTER XV.—Dining with Sophy, Louise and the prince appear in the restaurant, to the surprise of John, whom Louise had told she would be out of town for the week-end. He attends the first night of the new play and at the climax is so shocked that he leaves the house. Sophy follows and brings him back to the after-theater supper.

CHAPTER XVI.—Stephen Strangeway comes to London to see the new play.

CHAPTER XVII.—Stephen calls on Louise and offers to buy his brother's freedom from her influence. John persuades the prince to withdraw an invitation to Seyre House he has given to Louise, on the plea that it will compromise her.

CHAPTER XVIII.—Louise acknowledges to John that she loves him. The prince proposes marriage to her and she tells him he is too late.

CHAPTER XIX.—John asks Sophy if Louise has ever cared for the prince and she advises him to ask Louise herself the question.

CHAPTER XX.—John hears that Louise has been to Seyre House and the playwright begs the question. His brain in a whirl he meets Sophy at a supper club and while she is dodging his questions the prince comes in. John defiantly announces his engagement to Louise. The prince says that the night is the anniversary of the one when Louise consented to become his. John throws him over the table.

CHAPTER XXI.—John repeats the prince's words to Louise. She tells him they are true.

CHAPTER XXII.—Completely broken, John asks Sophy to go away with him and help him to forget. She accepts, but later relents and refuses.

CHAPTER XXIII.

It was a room of silence, save for the hissing of the green logs that burned on the open hearth, and for the slow movements of Jennings as he cleared the table. Straight and grim in his chair, with the newspaper by his side, Stephen Strangeway sat smoking stolidly. Opposite to him, almost as grim, equally silent, sat John. "Things were quiet at Market Ketton today, then, John?" Stephen asked at last.

"There was nothing doing," was the brief reply.

That, for the space of a quarter of an hour or so, was the sole attempt at conversation between the two brothers. Then Jennings appeared with a decanter of wine and two glasses, which he reverently filled. Stephen held his up to the light and looked at it critically. John's remained by his side, unnoticed.

"A glass for yourself, Jennings," Stephen ordered.

"I thank ye kindly, sir," the old man replied.

He fetched a glass from the sideboard, filled it, and held it respectfully before him.

"It's the old toast," Stephen said glumly. "You know it?"

"Are, Master Stephen?" the servant assented. "We've drunk it together for many a long year. I give it ye now with all my heart—confusion to all women!"

They both glanced at John, who showed no signs of movement. Then they drank together, the older man and his servant. Still John never moved. Jennings drained his glass, placed the decanter by his master's side, and withdrew.

"So the poison's still there, brother?" Stephen asked.

"And will be so long as I live," John confessed gloomily. "For all that, I'll not drink your toast."

"Why not?"

"There was a little girl—you saw her when you were in London. She is married now, but I think of her sometimes; and when I do, you and old Jennings seem to me like a couple of blithering idiots cursing things too wonderful for you to understand!"

Stephen made no protest. For a time he smoked in silence. Curiously enough, as they sat together, some of the grim fierceness seemed to have passed from his expression and settled upon John. More than once, as he looked across at his younger brother, it almost seemed as if there was something of self-reproach in his questioning look.

"You dined at the ordinary in Market Ketton?" Stephen asked at last.

"I did."

"Then you heard the news?"

"Who could help it?" John muttered. "There wasn't much else talked about."

"Bullitt Henderson has been over here," Stephen went on. "There's a small army of painters and decorators coming down to the castle next week. You saw the announcement of the

wedding in the morning Post, maybe? John assented without words. Stephen smoked vigorously for a few moments. Every now and then he glanced across to where John was sitting. Once again the uneasiness was in his eyes, an uneasiness which was almost self-reproach.

John moved a little restlessly in his chair.

"Let's drop it, Stephen," he begged. "We both know the facts. She is going to marry him, and that's the end of it. Fill your glass up again. Here's mine untouched. I'll drink your toast with you, if you'll leave out the little girl who was kind to me. I'll give it to you myself—confusion to all women!"

"Confusion to—" Stephen began.

"What on earth is that?" They both heard it at the same time—the faint beating of a motor engine in the distance. John set down his glass. There was a strange look in his eyes.

"There are more cars passing along the road now than in the old days," he muttered; "but that's a queer sound. It reminds one—good heavens, how it reminds one!"

There was a look of agony in his face for a moment. Then once more he raised his glass to his lips.

"It's passed out of hearing," Stephen said. "It's someone on the way to the castle, maybe."

Still their glasses remained suspended in midair. The little garden gate had opened and closed with a click; there were footsteps upon the flinty walk.

"It's someone coming here!" John cried hoarsely. "Why can't they keep away? It's two years ago this week since I brought her up the drive and you met us at the front door. Two years ago, Stephen! Who can it be?"

They heard the front door open, they heard Jennings' voice raised in unusual and indignant protest. Then their own door was suddenly flung wide, and a miracle happened. John's glass slipped from his fingers, and the wine streamed out across the carpet. He shrank back, gripping at the tablecloth. Stephen turned his head, and sat as if turned to stone.

"John," she faltered, "it isn't the car this time—it is I who have broken down! I cannot go on. I have no pride left. I have come to you. Will you help me?"

He found himself upon his feet. Stephen, too, had arisen. She stood between the two men, and glanced from one to the other. Then she looked more closely into John's face, peering forward with a little start of pain, and her eyes were filled with tears.

"John," she cried, "forgive me! You were so cruel that morning, and you seemed to understand so little. Don't you really understand, even now? Have you ever known the truth, I wonder?"

"The truth!" he echoed hoarsely. "Don't we all know that? Don't we all know that he is to give you your rights, that you are coming?"

ILLINOIS BOYS TO GET GOOD FEED AT ROCKFORD ARMY CAMP

MAJOR SAWYER SAYS HE WILL HAVE CAMP READY BY SEPTEMBER 1.

CAMP IS CAREFULLY PLANNED

City Planning Expert Draws Plans—Community Building Plan For Officers.

(Associated Press)

Rockford, Aug. 7.—With more than half of Uncle Sam's Illinois training city standing ready for occupancy of selective service troops and Major Dwight M. Sawyer's construction army of 7,000 men working like a well oiled machine, authorities at Camp Grant are satisfied that the last nail will be driven and the last road graded before Sept. 1.

To bolster this conclusion, Captain Frederick Krause, quartermaster in charge of supplies, has completed his requisitions for 35,000 rations to be delivered Sept. 1 and 15 in addition to 25,000 rations ordered for August delivery to supply military units on guard and detailed for construction duty here. Items in the September food supply requisition, framed for the palates of the state draft, include 1,101,202 pounds of flour, 210,000 pounds of sugar, 157,000 pounds of bacon, 15,000 pounds of corn beef, 78,800 pounds of beans and 36,000 cans of salmon. A sample menu to be served in canteen when troops arrive follows:

Breakfast—Corn flakes and milk, plain omelet, creamed potatoes, coffee and bread.

Dinner—Soup, beefsteak and onions, mashed potatoes, cream peas, bread and butter, sliced tomatoes, tapoca pudding, coffee.

Supper—Beef stew, baked potatoes, lettuce, salad, rolls, apple pie, iced tea.

Orders for the mammoth food supply are made through the central department quartermaster's office, and bids have been opened there for the great government contracts to be distributed to canteens in this department.

Work at Camp Grant is centering this week in the construction of light and heavy artillery train barracks, officers' quarters, the water supply system and the building of seventy structures, including the division hospital unit.

Plans for the latter unit, drawn by E. H. Bennett, architect in charge of city planning, are being worked out in detail and, like the smallest structures, in the army city, will conform with the general city picture carried out in the great camp. Hospital wards are built to catch every ray of sunlight during the day, every facility of the best city hospitals are included in the specifications and the unit is the most beautiful part of the camp site—a quiet grove bordering Rock river and remote from the mile long parade grounds and maneuvering fields.

The Rockford Chamber of Commerce this week is co-operating with line officers in working out a community building plan to meet the living quarter demands of some 300 officers to be detailed to Camp Grant. Small bungalows to be leased for nominal sums during the training period, will probably be built along the river banks within walking distance of the camp. Local men are arranging for the leasing of land and construction of colony houses which will be turned over to senior officers and the students now in training at Fort Sheridan, who will be assigned in charge here.

U. S. BLUE-JACKETS IN BRITISH WATERS

BEAUTIFUL SCENE AT BASE OF AMERICAN FLOTILLA IN BRITISH WATERS.

(Associated Press)

Base American Flotilla in British Waters, July 20.—Correspondence of the Associated Press.—Atop a steep acclivity skirting the harbor of this port much like the Palisades of the Hudson river, hundreds of villagers are second to the acting of the story by and folk from a nearby city gather each night to watch the American destroyers, the trim little fighting ships troopers, the trim little fighting ships Uncle Sam sent across the Atlantic to combat the submarines. On a peaceful, beautiful moonlight night these people have a picture of silent activity hard to beat.

From their high perch they can see for several miles a vast expanse of hills and water that make a wonderful setting for the fighting craft. British and American sailors on shore have brought their girls up here and women trudge baby carriages for miles to watch the silent ships.

It has come to be one of the most popular walks in the country and even Trail. The railroads run week end excursion trains to the spot bringing hundreds of boys and girls great distances to see the Americans.

Up to a certain hour the ships are outlined in the darkness by many lights. But all the time there is activity on board and in the water. The bluejackets with their little white River Assembly Mrs. Robinson has heard the shrill warning of the horn on the dories, always running from ships to shore, loaded with men going on leave or returning to shore. Wire-ess and searchlights which at night replace the flag signals and semaphores are exchanging messages and lights on board each ship flicker up and out in Morse code.

In the midst of all this is heard strains of string music, which seems to be the favorites of the American boys. From the deck of the pulley mother ship, which boasts a string orchestra of 15 pieces, Hawaiian melodies enchant the music lovers ashore. From other ships music comes from the phonographs, with which every ship in the flotilla is supplied. On week ends many of the townspeople crowd into small boats and swarm about the destroyers in their anxiety to get as close as possible to the music.

GERMAN NEWSPAPER PRINTS PEACE TALK

FRANKFURTER ZEITUNG REFUSED PERMISSION TO PUBLISH FURTHER POLITICAL NEWS.

The Hague, July 20.—Correspondence of the Associated Press.—It isn't quite clear why the German censor banned beginning June 25 political articles in the Frankfurter Zeitung. The embargo, understood to have already been raised, was imposed, as the Reichstag VonPayer explained, on account of a series of articles by Prof. Max Weber of Heidelberg.

The Frankfurter's articles are unsigned, but the following are some extracts to which the censor cannot fairly take exception. In one editorial writer said:

"Russia wants peace without annexation or indemnities. Germany is willing to conclude peace on that basis with Russia. Such a peace automatically would result in a general peace. Thus the idea of a separate peace examined more closely vanishes more and more under pressure of necessity which must make it a part of, or an introduction to a general peace."

Another article was devoted to German socialists' peace memorial including these assertions:

"Desire for peace, stronger here, less strong elsewhere, is unmistakable. It can only be satisfied by peace being an accomplished fact, not by non-binding statements of representatives of a single strata, however deep they may be, of the community. But who has the courage after three years of undecided warfare, to say that any step is not welcome which is calculated to destroy prejudices, smooth over difficulties and strengthen a readiness toward peace in all the war camps? During this trying war time we have become inwardly conscious of the fact that it cannot be by power nor by sword alone on whose might we may base our future."

James Fitzgentry of Breda, Iowa, is a guest of friends.

Miss Florence Wirth is in charge of Miss Mullins' store in the absence of the latter, who is in Chicago.

LECTURE ON ARMY Y.M.C.A. WORK

(Continued from page 1)

Miss Cook Pleases.

Miss Caryl Cook, the Peter Pan girl in J. M. Barrie's great story, Peter Pan, delighted a good sized audience this afternoon. The famous actress, Maude Adams, has played this role many times but Miss Cook has really discovered Peter's secret of eternal youth. Her recital of the story by the Hudson river, hundreds of villagers are second to the acting of the story by and folk from a nearby city gather each night to watch the American destroyers, the trim little fighting ships troopers, the trim little fighting ships Uncle Sam sent across the Atlantic to combat the submarines. On a peaceful, beautiful moonlight night these people have a picture of silent activity hard to beat.

Rain Interferes.

The 9 o'clock meeting of Dr. Robinson was interfered with by the rain. Many campers ventured out so as to get a meeting of this interesting speaker. Several persons attended the meeting attired in bathing suits, covered by a raincoat.

It Mrs. Hill in her mission study class has come to be one of the most popular walks in the country and even Trail. The railroads run week end excursion trains to the spot bringing hundreds of boys and girls great distances to see the Americans.

The Passion Play.

At 11 a. m. Mrs. Robinson delivered her famous address "The Passion Play of Oberammergau." This talented woman pleased again with her lecture. Since she has been with Rock River Assembly Mrs. Robinson has given this wonderful lecture and each time she seems to improve in relation to the story.

Good Program Last Night.

Last night the Dixon Symphony orchestra played a prelude which pleased many people. This orchestra is making a big hit with its replacement of the flag signals and semaphores are exchanging messages and lights on board each ship flicker up and out in Morse code.

Wednesday's Program.

Wednesday offers a fine program. The two Robinsons will give regular appointments. Mr. Robinson at 11 a. m. will again deliver his noted lecture "Under the Southern Cross" and all should hear him.

Mallory Players coming.

This season the Assembly presents the Clifton Mallory Players for two entertainments. Wednesday at 2:30 they will produce "Thrill" and in the evening, "David Garrick." The players should be greeted by large audiences. "Thrill" deals with labor and capital and "David Garrick" with an English romance.

Clifton Mallory, who heads the company, entered the chautauqua and lyceum field eight years ago in a production of "David Garrick." Since then he was presented several prominent plays, scoring wonderful successes.

They have a record of over 700 return engagements. Mr. Mallory is a leading actor and dramatic director and his ability as a playwright is recognized as he is the author of three successful plays, "The Test," "The Nazard" and "Thrill."

His supporting company is selected from actors of experience. They are, Clifton Mallory, Ernest Eastman, Arthur Bell, Glade Bentley, Miss Ivah Brower, Miss Zoe Welch.

Mrs. Clifton Mallory is pianist.

Band Concert.

Wednesday at 7:15 p. m. the Dixon Moose band will play another concert.

Thursday is patriotic day and local talent will have a part. A quartet of Dixon's favorite vocalists will render a number of selections. The members are Mrs. Kittie Ballou, Mrs. Lee Read Elmer Rice and Clifton Mallory.

Old Directors Elected.

At the Rock River Assembly stockholders' meeting at 10 a. m. today the following were elected to succeed themselves:

Rev. C. Edgar Derr, Chicago.
Wm. L. Frye, Dixon.
C. W. Linderman, Dixon.

The stockholders approved the annual report.

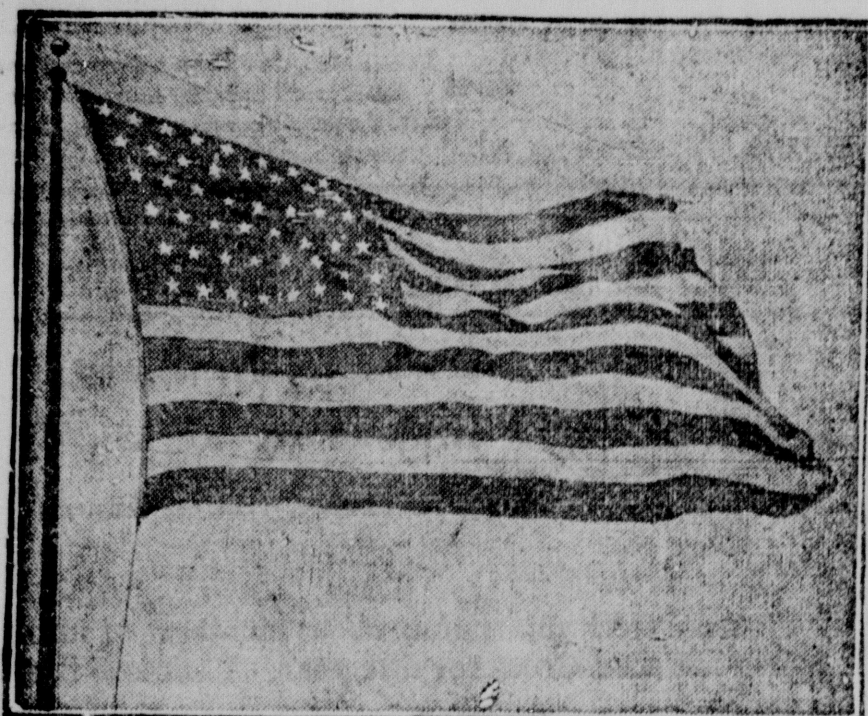

The rental of cottages was raised to \$15 from April 1 to Nov. 1 and \$9 a season for each additional lot.

Owing to rain the meeting was not well attended.

Assembly Notes.

Mrs. Helen Sleight and Miss Jennie Barnes of Maquoketa, Ia., arrived today and are guests at the Harry Emerson cottage. Mrs. Sleight is mother and Miss Barnes the aunt of Mrs. Emerson.

Miss Florence Wirth is in charge of Miss Mullins' store in the absence of the latter, who is in Chicago.

PUT THE HOBBO TO WORK.

"Illinois women are requested to add one more to their manifold patriotic duties. It is to put a stop order on the handout," says the Illinois State Council of Defense.

"In these days there is no excuse for any able bodied man to go to the back doors with a tale of inability to get work. There is work for all who wish it. Those of sound health and under 45 can join the army and get shaved and bathed as a matter of necessity, if they haven't stomachs for ordinary occupations. All over the land there is need of all labor that can be mustered, skilled and unskilled.

"In many states the Council of Defense has issued requests to women to turn deaf ears to backdoor appeals of Wandering Willies and Roaming Rufuses. When one wants supper, let him hoe the potato patch for it—and do his hoeing first. There is hardly a farm in the state where help is not in demand, so send him to the man of the place.

"In the cities the beggars should be sent to the shops. Nine times out of ten the mayor can tell anyone who wants a job the place to get it. When the hobo population finds panhandling a failure, possibly it will go to work. Certainly it will not work until the handout is extinct. So the women are asked to restrain their natural tendencies to help anyone seeming in hard luck, in order that the country may get the benefit of labor that will otherwise never be performed.

"City, county and township authorities are also asked to do their part in getting a little work from the vags. Instead of jailing and feeding them, if the town, village or county authorities will set them to the hardest work, in the sun, it may be they will hunt up honest jobs at good pay, as an alternative.

"The whole country is called upon for service to the nation, for sacrifices and extra endeavor. When women and children as well as men of all conditions except the professional hobo are doing their share, there is no reason for exempting said hobo. A persistent "leisure class" is an anomaly in a nation at war."

YOUNG MEN WIN WARS.

Youth is the bulwark of a country in time of war. In a clash of arms it is the young men who uphold the prestige of a nation and enhance its glory.

The army America is sending to France will be made up of young men. This country is not taking them as young as it did in the days of the Civil war, because except those who volunteer, none below the age of 21 are to be mustered in. But it is likely a majority of all will be under 25. And the navy, the marines and even the army, by the voluntary enlistment process, will give the younger ones who are eager to serve their opportunity, just as the Civil war did.

The Civil war was almost fought by those who were boys literally. Maj. George Breck, who knows the figures from many years in the pension department, shows that practically half the total enrollment for that great struggle was of boys under 21. He classifies the enlistments of the extremely young as follows:

At the age of 10 and under.....	25
At the age of 12 and under.....	225
At the age of 14 and under.....	1,523
At the age of 16 and under.....	844,801
At the age of 18 and under.....	1,151,438
At the age of 21 and under.....	2,159,798

The total enlisted strength of the Union army being 4,778,300, the figures show that practically half of the army were boys in, or just out of, their teens.

THE ADVANTAGE OF A FOREIGN LANGUAGE

Our minister to China, Dr. Paul Reinsch, of German parentage but an intense supporter of the fight against Prussian autocracy, was among those trying to persuade China to declare war against Germany.

In this Dr. Reinsch was bitterly opposed by Dr. Gilbert Reid, an American citizen and editor of the Peking (China) Post.

The editor of the Post went so far as to condemn Dr. Reinsch for his action and to severely criticize President Wilson.

Dr. Reid was immediately arrested upon a charge of seditious libel and haled before the U. S. court at Shanghai.

The offender was let go when he gave a pledge "to refrain from criticism of the American government or its officials which may be contrary either to the spirit of our laws or to the purpose of any special legislation as may be enacted during the period of the war."

Judging from the freedom given certain newspapers of the United States at this present moment, Reid made his mistake in not printing his criticism in a foreign language.

An advertisement we saw this morning starts out "Bathing Suits Reduced." Now this thing has got to stop somewhere. What are we coming to?

\$2,006,970,000 WAR TAX BILL REPORTED

Finance Committee of Senate Acts Favorably.

Washington, Aug. 7.—The war tax bill, finally revised to meet latest estimates, was favorably reported by the senate finance committee. It proposes to raise \$2,006,970,000 by taxation.

The house bill proposed \$1,867,000,000 in new taxes. No provision for additional bonds to be considered later by the house, are made in the senate bill.

Chairman Simmons plans to call up the revised bill for debate the latter part of the week and hopes for its final enactment by congress early next month.

Most of the new taxes proposed under the revised bill for war expenses of the present fiscal year would come from incomes, war excess profits, liquor and tobacco taxes.

More Destroyers in Demand.

Washington, Aug. 7.—Co-operating with the shipping board, the navy department is extending the number of plants engaged in building destroyers. These factories are turning out a large number of the most modern type 315-foot boats which will be used to combat the submarine in European waters. The navy will complete several hundred submarine chasers early next year. Then, for the time being, it will abandon construction of those vessels.

Alder World's Oldest Dye.

For the purpose of making dyes the common alder appears to have been unnoticed by the pioneers of this country, who made use of so many barks and roots. However, it was well-known to the Indians, who used it to good effect. It dyes a reddish color, and down to a few years ago was employed by natives of the northwestern Pacific coast in coloring their fish nets. Alder dye, used for the same purpose, is said to be the oldest recorded dye in the world. It is mentioned in the Kalevala of Finland, supposed to date nearly 3,000 years ago.

Compromise With Stupidity.

The public mind is nearly always slow working. The deliberations of a body of men must usually wait upon the intelligence of its least intelligent member, and the final result of such deliberation will ordinarily be closer to the mentality of the stupidest member of the conference than that of the most intelligent. Intelligence must compromise with stupidity. The broad-minded must compromise with the bigoted. Stupidity and bigotry are nearly always reflected in public opinion.—William Maxwell in Collier's Weekly, Sun.

186tf CITY MEAT MARKET.

Part and Impertinent.

A young woman of a pink complexion,
but of heroic build—a kind way
of denoting obesity—applied to a mov-
ing picture director for a position as
an extra girl. She presented him a
personal letter of introduction. Long
years ago, it seems, the director knew
her father and mother. As he gazed
at this plump Juno the light of mem-
ory came into his eyes, but still he was
not quite certain about something.

"Let me see," he mused, "which side
of the house do you resemble the
most?"
"Sir," she cried in accent far from
mild, "I don't resemble any side of
any old house!"—Topeka State Jour-
nal.

The Necessary Inclosure.

"Is it necessary to inclose stamps?"
asked the poet. "More necessary even
than to inclose poetry," responded the

"SOLDIERS OF THE STRETCHER" COMING

TWO MACHINES AND 20 MEM-
BERS OF AMBULANCE CORPS
HERE TOMORROW.

Chicago, Aug. 7.—On a sweep .. of
the state from Chicago to the Missis-
sippi and from the Wisconsin line to
the Ohio valley the University of Chi-
cago ambulance corps is bringing the
truth of war to the Illinois people.

With 5 ambulances and 50 men
they left Chicago Aug. 6 to give litter
drills and demonstrations of aid for
the wounded in Illinois cities.

They will divide into two parties,
one division with two machines tak-
ing a course that brings them to Dix-
on Wednesday noon, Aug. 8.

The second division with three ma-
chines and 30 men start south reach-
ing Pontiac Monday night, Decatur
Tuesday night, Shelbyville Wednes-
day night, Fairfield Thursday night,
Carmi Friday night, Robinson Satur-
day night, Danville Sunday night and
back thru Watseka to Chicago the fol-
lowing Monday.

The young "soldiers of the stretch-
er" who are awaiting a call to the
front, have arranged to have their
machines shipped east if the call to
move reaches them en route. Mean-
while they are aiding Illinois' drive
for a million members of the Red
cross by showing the people thrilling
demonstrations of Red Cross ambu-
lance men in action.

We All Have Felt It.

In a reading class the word "dis-
courage" was encountered. The
teacher asked the pupils what they
understood by the meaning of this
word. Lawrence replied: "Well, it is
just the way you feel when you make
something nice and it up and busts."

Part of It All Right.

"Wouldn't you like to have her sing-
ing beside you in the wilderness?"
"Well, I'm in favor of the wilderness,
but I wouldn't care to be there,"—
Judge.

London, Aug. 7.—General Maeo-
visky, commander of the guards corps
which headed the Russian retreat on
the southwest front, has been order-

front. The shooting of General Erdell
is denied officially." A dispatch from
Petrograd Aug. 3 quoted the Bourse
Gazette as saying that General Er-
dell had been assassinated.
